AND GERMAN SCHOOLS,

and which, during the REVOLUTION, the PENINSULA WAR and the REIGN OF NAPOLEON, were (by conquest and other means) gathered from almost every National, and Private Gallery in Europe, and concentrated in

THE LOUVRE OF PARIS,

as one magical attraction of the inimitable powers of those Artists, whose works have adorned the historic pages of art during past centuries.

A considerable number of the Pictures recorded by the Engravings in this work, were restored at the conquest of Paris to the various Governments to whom they originally belonged, and thereby so dispersed the collection as to increase the high and just estimate of this

MATCHLESS WORK OF ART. This copy was purchased at Paris, in the year 1814, and to its *continuation* by LOUIS XVIII. also subscribed for; **SPLENDIDLY BOUND IN RUSSIA, in 6 vols. folio**—to be sold at per print
